

Ecolift Binlifter

- Safe lifting capacity of 50kg
- Lifts 80L, 120L, 140L and 240L bins (no adjustment required)
- Simple manual crank handle operation
- Fits through internal doorways (with winch handle removed)

The Ecolift 50 is a manual crank handle operating unit that aids in the lifting and emptying of wheelie bins into dumper bins.

Designed to lift up to 50kg at a time, the Ecolift is perfect for **schools, small offices** and **local councils** that dispose of paper and general waste and are required to empty their wheelie bins once or twice a day.

The unit is easy and safe to use and automatically adjusts to fit all common bin sizes. The lift and tilt operation is ideal for busy environments (such as schools) where safety is paramount.

The dimensions of 1050L x 850W x 860H ensure easy storage and movement.
